NAME : TRISHA JAIN
SECTION : I

TASK 1 :-

Network Topology:

A topology in packet tracer, was created as shown in following image.

- 1) A network topology with desktops, switches and routers similar to the network depicted in the above diagram is designed.
- 2) The PCs and routers are configured with the IP Addresses and subnet mask shown in the table below.
- 3) A PDU from a PC on network 10.0.1.0 to any other PC on other network 10.0.3.0 and vice-versa is sent.
- 4) Simulation of the network and the packet flow is observed from one network to other.
